Oh thats bad. Should report this to the authority. What a waste. I think you should develop the photos and send to the DBKL office.

I really want to play basketball :(  
Yet the basketball courts (current available ones) are in such bad conditions that it really put me off ...

At the moment there are 2 basketball courts in S.Petaling, one closer to Endah Condominiums.

Another one I heard is close to the S.Petaling morning market.

Want to make some shots also being put off..haihz...apa boleh buat?

for the time being, any suggestion for any good basketball courts around Seputeh?

thx...^\_^
