
need wireman

Posted by hwachai - 2008/11/01 07:04

Recently my fridge got short circuit. Now one of my fuse ain't working anymore. I need someone can help fix or change the fuse which i have no idea how to take out the fuse.... i try check with some of the electronic shop, but they said they don't have that kind service.

so, any idea which shop or person i can contact?

thanks. :blush:
